

QHSE Policy Statement

JCT is committed to protect and promote the health and safety of its employees with high quality service. Safety and quality work is an integral part of the company's operations. This is a declaration of our intent to provide and maintain all the activities as per customer requirements, so far as is reasonably practicable, a safe and healthy working environment of our employees with desired quality services towards achieving our goals. **JCT** will take all reasonable measures to:

- Providing a healthy and safe working environment for all employees and non-employees affected by our activities. We will use all reasonable endeavors to ensure safe systems of work throughout our business activities, and will do all that is reasonably practicable to ensure a safe & healthy working environment and safe working methods.
- **JCT** considers that health & safety is an important part of all our management systems and that clear communication and co-operation between management, employees and the client is important in order to achieve a high standard of health & safety at work.
- The company will:
 - a) Initiate and maintain a safe and healthy workplace, so far as is reasonably practicable, to ensure that employees, customers, visitors and the environment are not exposed to risks arising from our services.
 - b) Ensure that employees have adequate support, supervision, relevant health & safety documentation, information and training required, in order to make them aware of potential hazards within the workplace.
- Striving for continual improvement in QHSE practices with a focus of minimizing and prevention of work place injuries, pollution, environmental impact and strictly compliance of customer's quality satisfaction.
- Ensure that no person intentionally or recklessly interferes with or misuses anything provided in the interests of health, safety or welfare.
- Make available all necessary safety devices and personal protective equipment (PPE) in accordance to the European and Austrian law.
- Ensure records are maintained with regard to safe systems of work, risk assessments, employee training, work equipment inspections, and that these are readily available for inspection by others when required.
- Ensure that suppliers and service partners are aware of their responsibilities and are conversant with health & safety procedures and their implementation.

 CEO Günter Zimmel
